Projects on the run

Project: NAPCO ISO 22000 : 2005

Mission: Blank Audit

APAVE Liban proposed to perform a blank audit according to ISO 22000: 2005 requirements, in order to assess the readiness of NAPCO for the certification audit.

Based on the findings, corrective actions were identified and initiated to cover detected gaps and to get ready for the certification audit.

Project: Doha West Sewage Treatment Plant Extension N°4 – Degremont – Doha

Mission: Safety Inspection of Electrical Installation

Upon the request of Degremont, APAVE proposed to carry out a Safety Inspection of the Electrical distribution system of Doha West Sewage Treatment Plant, Extension N°4.

The mission focuses on the protection of persons & the verification of the conformity of the electrical installation to the standards in force.
